When winter comes in summer
When there s no more forever (yeah yeah)
That s when I ll stop loving you (that s when I ll stop loving
you)

That s when I ll stop loving you

I m sure you ve heard these words before
And I know it s hard for you to trust them once more
You re afraid it all might end
And a broken heart is scared of breakin again

But you ve gotta believe me
I m never leavin
You ll never cry long as I am there
And I will always be there
You will never be without love

When winter comes in summer
When there s no more forever
When lies become the truth
Oh you know then, baby
That s when I ll stop loving
That s when I ll stop loving you

That s when I ll stop loving you, yeah

Long as sunlight lights the sky
The light of love will be
Found in these eyes of mine (these eyes of mine)
And I will shine that light for you
You re the only one
I ll ever give this heart to

What I m trying to say is (to say)
Nothing will change this
There ll be no time you won t find me there
Cause I will always be there
You will always have all my love

When winter comes in summer
When there s no more forever
When lies become the truth
Well you know then, baby
That s when I ll stop loving
That s when I ll stop loving you

That s when I ll stop loving you

When this world doesn t turn anymore
When the stars all decide to stop shining
Till then I m gonna be by your side
I m gonna be loving you forever
Every day of my life.. baby
Oh yeah yeah

Well you know then baby
That s when I ll stop loving
That s when I ll stop loving..

That s when I ll stop loving you
When winter comes in summer
When there s no more forever
When lies become the truth (lies become the truth yeah)
Well you know then, baby
That s when I ll stop loving (that s when I ll stop loving)
That s when I ll stop loving you

When winter comes in summer
When there s no more forever
When lies become the truth
(Well you know then, baby)
That s when I ll stop loving (that s when I ll stop babe)
That s when I ll stop loving you

That s when I stop baby
I ll stop babe
Lovin you
