Higher ft Matoma

Intro: Bbm Ebm7 Bbm Ebm7

```
        Ebm7
All the wind has been singing me a symphony
     Bbm
The sweetest sound that I ve ever heard
         Ebm7
Feels amazing the way that it s been lifting me
      Bbm
I m free up here, as high as a bird.

I m all alone, you don t need to cry for me
I can t wait to get where I m going
You know that I d love to stay
But I m already on my way.

                           Ebm7
 Cause my love s taking me
Ebm7                  Bbm
Higher, higher, higher
                      Ebm7
Look up, you ll see me
Ebm7                  Bbm
Higher, higher, higher
                       Ebm7
And I know I m getting close now
                    Bbm
I can hear the quiet

 Cause my love s taking me
Ebm7                  Bbm
Higher, higher, higher.

There s a notion of gratitude inside of me
And the waves wash clean my soul (Clean my soul)
And I could stay here forever quite happily
These dreams are made of gold.

I think everyone dead is ever prayed for me
You gave me my wings (You gave me my wings)
You know that I d love to stay
But I m already on my way.

 Cause my love s taking me
Higher, higher, higher
Look up, you ll see me
```

Higher, higher, higher
And I know I m getting close now
I can hear the quiet
 Cause my love s taking me
Higher, higher, higher.
