Highway To Heaven
Al Green

```
Bm                A
Well, the first time ever I saw you,
         E
You were sleeping as the night fell, fell upon us
   Bm                         A
My soul felt something like a mighty wind,
E
Voice like muddy waters
Bm                    A
Surprise attack on my heart
      E
Oh it freed my soul, oh it made me whole.

(Faster tempo)

Bm > A

              Bm    A           E
Well, it s a high, long way to Heaven
      Bm                       A              E
Well, nothing can go up there,    but the pure-hearted.
                Bm      A    E
They say it s a highway   to Heaven
Bm                       A             E
Nothing can go up there,    but the pure-hearted.

(Slower again)

First time ever I saw you,
You were sleeping as the night fell, fell upon us
My soul felt something like a mighty wind,
Voice like muddy waters
Surprise attack on the heart
