In the summertime, in the summer time you are all mine

G# C# Fm
My heart, my heart, is like a cigar
G# C# Fm
Breathe me in, can you smell the nicotine on my skin
G# C# Fm
My heart, my heart, is on fire
G# C# Fm
And you my love, you are my lighter

And the radio s playin our favourite song

It s the one where we know all the words to sing along

And my heart is beating to the sound of the drum

As we re watching the orange coloured setting sun

In the summer, summer, summer, summer, In the summertime

Our love, our love is starting to grow

I lean over to ya and tell you something you already know

Our love, our love I dearly love you so

Lets see how far ..... love can go ##Not sure on that lyric

My heart, my heart, is like a cigar

Breathe me in, can you smell the nicotine on my skin

My heart, my heart, is on fire

And you my love, you are my lighter

Ooh ooh... etc
