Capo on 5 sounds best to me, but you can figure out what goes with your voice.

Sounds pretty chill like this.

verse 1:

```
Am                            G            Em
Is this dead or is it alive? Resuscitated too many times

Am                            G            Em
I circle it, too many sides. Must be a gift from a future crime
```

Hook:

```
A
Supernatural, Supernatural

G                             Em
Make this up for a ceremony, all hands up for the big finale!
```

verse 2:

```
Am                             G                Em
Is this dream state or awake? Creative science that we make.

Am                       G                Em
The perfect innovation. So close to real we can t tell it s fake.
```

Hook:

```
A
Supernatural, Supernatural

G                             Em
Make this up for a ceremony, all hands up for the big finale!
```

Chorus:

F **G**
I go interplanetary, oh your touch is haunting me

Am
It s so extraordinary when you re simply holding me!

F **G**
I go interplanetary, boy your touch is hauting me

Am
It s so extraordinary when you hold me

Repeat Chorus
