I Walk Away - Crowded House

You came out of the world to me my life parted like the red sea
We float easy between the rocks and stones never seemed to stop us
The years ended in confusion don t ask me I don t know what happened
(I don t know what happened)
But I am a man with a mission must be the devil I don t know?

Find ing marching to a different tune
Its hard to let go all that we know
As I walk away from you
I m herled from my home to the unknown
As I walk away from you

You feel what ever you desire to you it may be death defying
That day in the coldness of winter like words slipping off my tongue

I say forget it it s over cause there s a dark cloud covering up the sun

You know that its

Its hard to let go all that we know
As I walk away from you
The sun always sets no room for regrets
As I walk away from you
Give it to me give it to me your inspiration
Get to me see find all we need as I walk away...
as I walk away...

Bass Solo

I m just the same to inhibition can t shed your permanent condition
So much you ve always wanted too much giving you a sore head

I walk away as I walk away from you
as I walk away from you...
