Crazy Amazing
Ben Harper

My first tab... the Em could be about anything in the key.
The actual song just has lead guitar, using D and G Major or Pent Major
What do you think?

```
D                   G
You... are crazy amazing
D                   G
You... are crazy amazing
D                   G
Feels just like a prayer
D                                   Em
Oh I love you more every time I think of you
D                   G
You... are crazy amazing
D                   G
You... are crazy amazing
D                  G
I wear your heart on my sleeve
D                                   Em
Oh I love you more every time I think of you
