The Price I Pay
(Billy Bragg)

intro: **F# Ebm B F# C#**

```
    F#                          Ebm
My friend said she could see no way ahead
    G#                                B
And I was probably better off without you
              F#                      Ebm
She said to face up to the fact that you weren t coming back
     G#                             B
And she could make me happy like you used to
        F#                 Bb7
But I m sorry to say I turned her away
    B                          G Maj7
Knowing everything she said was true
                 F#                Ebm                    B     F#  C#
And that s the price I pay for loving you the way that I do

            F#                   Ebm
There s something inside that hurts my foolish pride
       G#                              B
To visit the places we used to go together
       F#                        Ebm
Not a day goes by that I don t sit and wonder why
         G#                        B
Your feelings for me didn t last forever
           F#                     Bb7
Girl I love you so much that sometimes it s such
             B                      G Maj7
I d walk a mile with a stone in my shoe
              F#                    Ebm                    B      F#  C#
And that s that price I pay for loving you the way that I do  (2x)

                F#                             Bb7
So keep that phone out of my way for the things I must say
       B                            G Maj7
Are empty if you don t believe they re true

And that s that price I pay for loving you the way that I do
              F#                  Ebm                  B     F#  C#
That s the price I pay for loving you the way that I do

       F#        Ebm
I love you so much that baby it s such
             G#                        B
I d walk a mile with a stone in my shoe  ...
