Automatic Loveletter

Put the transport on F (fist locker)..Then continue to play the ordinary notes that i write here...
My first submited tab =) i hope it was useful!

```
Asus   C#m
Everyone loves you
                  Bm
Can t do anything wrong
                   F#
They laugh when you laugh
Concerned when you...
Asus                C#m
cry I m wrong, your right
             Bm
Complete opposites
                     F#
In this blood related child
Asus         C#m
Look down on me
Don t give me sympathy
Bm           F#
Adaversity amplifies your qualities
Asus             C#m              Bm
There s simply nothing wrong with you
You re wonderful
F#
I wish that I was too
```

Chorus:

```
D         A           E
I am obviously not co-operating
D         A           E
I am purposely not oh wanting to
D
Cause the view from below
         A          E
Gives me no hope ya know
D                           A         E
Ya the view below gives me no hope ya know
```

The same notes as at first part: Asus/C#m/Bm/F#)
Never been alone one day in your life
If the tables were to turn
Transition from black to white
Well I am insecure and if you don t know this by now
I m telling you the only way that I know how
Your love I love to hate myself

Not surprising how ive made my own hell
You keep promises I break them
You try and I fake it
Your selfless that makes me selfish
Ya

(chorus)
I am obviously not co-operating
I am purposely not oh wanting to
Cause the view from below
Gives me no hope ya know
Ya the view from below
Gives me no hope ya know

(silence...Fa#m)
A
I m jealous oh I
E **A** **G**
I envy everything about you
Bm **G**
I made up a lie I told
Bm **A**
Everyone I didn t need you
G **F#**
After all

I am obviously not co-operating
I am purposely not oh wanting to
Cause the view from below
Gives me no hope ya know
Mmmmm
A
I love you
