Ok this is such a good song! Hope this is right! Enjoy!

Goes like this through out!

A G D
Yeah, we re gonna make mistakes
A G D
Politicians shake and fakes
D
Backs against the wall
A G D
Feel the world about to blow
C
Yeah, I wanna stay in

Were gonna turn it all around
Find new trees on better ground
Taste the easy life
Can t you feel it s gonna blow?
Yeah, I wanna stay in
Growin old with you
What a thing to do
Growin old with you
Jus what I m gonna do?
Thinking back to 86
Summer days out in the sticks
Black Sabbath everyday
Small town life has had its way
Yeah, I wanna be free
Took the open road in haste
Time to jump out of the cage
Experience the world
Drawing circles round the sun
Yeah, I wanna be free
Growin old with you
What a thing to do
Growin old with you
Jus what I m gonna do?
Growin old with you
Jus what I m gonna do?
