[Verse]

```
     E                  Emaj7                  Amaj7         B
IÂ´ll look into the sun, just so I can shine if thatÂ´s what it takes.
    E                           Emaj7                  Amaj7
And just for ones in life, I`ll go out with a smile and choose the one that
F#m     B
I cant have.
```

[Bridge]

```
A          B    E      B          A
And my baby says. I wanna be with you always.
A           B            E        B      A           F#m A       E
Then my baby laughs, cause she knows nothing forever. But I  cant see that.
```

```
E                                Emaj7              Amaj7      B
DonÂ´t say that IÂ´m wrong, I just follow everyone who can give me shelter.
    E                      Emaj7                     Amaj7          F#m
And just before it dawns I let the curtains fall. No I cant take the lies
  B
today.
```

[Bridge]

```
A          B    E      B          A

A           B            E        B      A           F#m A       E
Then my baby laughs, cause she knows nothing forever. But I  cant see that.
```
