(no guitar chords, still G, C, &D which is fairly easy)

Do you feel like your living with a curse and,
are you making it worse and,
can you take anymore?

People don t say what they re
coverin up and
are you staring at a loaded gun?
Are you gonna give me what I m asking for?

(guitar riff)

Don t go too fast, don t go too slow and break the mold,
don t make it last, don t make it great, carry the weight, carry the wound,
is it everything you want and more?

If you can t see it, I can tell you that you re livin in a
weird-out world and you re makin it up as you go along.
Baby won t you give me what I m askin for?
