Playing Dead
Breathe Owl Breathe

The whole song is basically 3 chords. Enjoy:

```
C#                        H
When I was playin  dead I d lie down.
           F#                              C#
I wouldn t move though everything else was...
    C#                                        H
The swingset kid s playin  catch with their dads...
                                F#
No one noticed yet that I was gone.
               C#
Then she came along...

    C#                 H
And love, I got you didn t I?
           F#
I got you didn t I?
       C#
I got you...
    C#                H
And love, I got you didn t I?
           F#
I got you didn t I?
       C#
I got you...
```

When I was alive I didn t know why I died.
I guess I thought everything was dead.
Your hair is red; in other lights it s black;
And when you laugh,
it brings me back...

And love, I got you didn t I?
I got you didn t I?
I got you...
And love, I got you didn t I?
I got you didn t I?
I got you...

When I was playin dead;
I d lie down.
I wouldn t move;
Though everything else was...
The swingset;
Kid s playin catch with their dads...

No one noticed yet...

When I was alive
I didn t know why I died.
I guess I thought everything was that way.
Your hair is grey, in other lights it s black...
And when you laugh...
still brings me back.

And love, I got you didn t I?
I got you didn t I?
I got you...
And love, I got you didn t I?
I got you didn t I?
I got you...

You got me...
