Novacane
Beck

Tabbed by Nick Key

Intro - 4x
```
--------------------7--------
---5h7-7-7--7---5h7---7-7-7--
-0------------0--------------
```

Verse intro - 3x (Fig. 1)
```
--------------------------
--------------------------
-5-7--7-7-7--5-7--7-5-----
--------------------------

--------------------------
--------------------------
-5-7--7-7-7-(pause)--//---
--------------------------
```

Verse - play fig. 1 until pause
Pause until second verse starts -
Then repeat above from Verse intro
At Express Mode, (if you really want to)
detune your low E-string, and then
bring it past pitch and onto pitch again.

Then:
```
---------------------------------
-------------9/7-----------------
-7--10/12-7------7--10/12-7--9-5-
---------------------------------
```

Bridge ^The whole detuning thing
```
---------------
```
takes place here also
```
---------------
-10----9-------
----10---9-0---
```

Back to intro
pause for the rest of the song while
the really weird effects take over.
