For Everyman
Jackson Browne

Drop D Tuning, Fingerpicked Verses, bass note shown as /

```
D          D/C#              G/B
Everybody I talk to is ready to leave
D                                  G/B
With the light of the morning
Theyâ€™ve seen the end coming down long enough to believe
That theyâ€™ve heard their last warning

            F#m7
Standing alone
                            B7           Em      A7
Each has his own ticket in his hand
G             G/F#            A
And as the evening descends
                            G (G,F#,E)
I sit thinking â€™bout everyman

Seems like Iâ€™ve always been looking for some other place
To get it together
Where with a few of my friends I could give up the race
And maybe find something better
But all my fine dreams
Well though out schemes to gain the motherland
Have all eventually come down to waiting for everyman

Asus4                   A
Waiting here for everyman--
D                  D/F#                 G
Make it on your own if you think you can
Asus4                    A      D      G
If you see somewhere to go I understand

Asus4                             A
Waiting here for everyman
D                                   G         A       D--
Donâ€™t ask me if heâ€™ll show -- baby I donâ€™t know

Bm                          A            G
Make it on your own if you think you can
Bm                            A               E
Somewhere later on youâ€™ll have to take a stand
Asus4                          A
Then youâ€™re going to need a hand
```
