My sun is set - and my day is done
        G#
When I turn to the east I can see no dawn
    Bb(7)
But iron horse come - buffalo gone
       Fm
Like blades of grass they cut us all down
Yes I know what it is to be free
To run as far as the eye can see
But long knife come - buffalo gone
Like blades of grass they cut us all down

     Why in the world are you so cruel?    |x2

Here is a girl who s working in a factory
Spends all her time there thinking what she want to be
She got no boyfriend - she got no window
She just a lonely heart - it s tearing me apart
There s a boy now doesn t have a word to say
Cat got your tongue now - night to night and day to day
He got no girl friend - he got no money
He just a lonely heart - it s tearing me apart

     Why in the world are you so cruel?

Intro

Everywhere I go there s a world full of heartbreak
Hole in the sky now - tell me where for God s sake
Where is that sunshine? where is that rainbow?
Who got an answer here? tell me what I want to know
Nobody knows the trouble I see
Nobody cares - nobody but me
And James Bond, Jackie O, Johnnie Ray and Garbo
Who got an answer here? tell me what I want to know

     Why in the world are you so cruel?
