```
C#                                                        F#
First time we sang what shall we do with the drunken sailor,
Ebm                Bmaj7
we`d throw him overboard.
C#                                          F#
Make him sick- make him womit- make him cry.
Ebm                          Bmaj7
He`ll never make it further anyway.
C#                      F#
Seen so lost, when he looks in the mirror.
Ebm                        Bmaj7
He just wanna break down and cry,
Ebm                        Bmaj7     C#
He just wanna break down and cry-y-y-y-y-y-
```

Chorus:

```
C#                     Hm
Highschool girls and highschool boys,
F#                        C#
This feeling is here too stay.

```
C#                         F#
Somebody ones told me to find my own idenity.
Ebm                        Bmaj7
But I can`t even spell the word.
C#                                          F#
And all the big hopes and dreams, that you had turned into smoke,
Ebm             Bmaj7
When, you realise.
C#                      F#
That sentimentality is so contagous,
```

Ebm **Bmaj7**
And realy nothing at all,
Ebm **Bmaj7** **C#**
And realy nothing at all-l-l-l-l-l

C# **F#**
Still we`re standing on the other side wishing
Ebm **Bmaj7**
Wishing that we had another song to sing.
