Bettie Serveert - Something so Wild (from album Lamprey)

D* = 030230
D** = 030200

intro: **D** **D*** **D** **D***

```
        D                       F#
She had 3 more lovers, but they all got cold feet
      Bm                                      E
and I know that there were others, but she is so discrete
      D                  A                G
Yet a wave of his hand s enough to get her back again
    D                                  F#
She made it through highschool and she got a degree
      Bm                                 E
and I know in different ways she s a lot smarter than me
      D                  A                G            D D**
Yet a wave of his hand s enough to get her back again

   Bm                        D
I dispise every word that he speaks,
        Bm                     A
 cos he tries to make her feel weak
          G                            A
And he ll put her down in public and he treats her like a child
          Bm                        E
but he ll never make a lapdog out of something so wild
      D                   A                      Bm    G
Yet a wave of his hand s enough to get her back again
      D                   A                      G
Yet a wave of his hand s enough to get her back again
      D                       F#
And I tried to convince her, to make it on her own
          Bm                        E
But she s afraid to be a spinster, afraid to be alone
```

```
       D                A                 A
Yet a wave of his hand.............

solo

I dispise every move that he makes

 cos I know what he s trying to break

And he ll put her down......etc.
```
