This next beautiful song, is taken from hearing the debut album (I think), from Beverley Craven by the same name. I m not sure about the correctness of the chords -- so if someone has better solutions, please let me know...

Missing You Beverley Craven

```
Bbm                        Fm
The dreams I have are unrepeatable,
Bbm                       Fm
And you always play a starring role,
Bbm                        Fm
I m just glad to have the time with you,
Bbm       C                 Fm
It s the only place we can go.

I walk around the next day in a daze,
Flashes of a feeling of your face,
Three photographs, a letter and my memories,
Are all I have to fill this space.

               Bbm    C#m    Bbm
   Now you ve gone,    now you ve gone,
                      Ebm
   But I keep missing you,
                 F7
   I keep missing you,
             Bbm    C#m     Bbm
   Now you ve gone,    now you ve gone,
                      Ebm
   But I keep missing you,
                 C7    - F
   I keep missing you.

Sometimes I laugh the way you used to laugh,
Or say the things you used to say,
If you can see me now, just give me a sign,
```

Cos I can t believe you ve really gone.

Now you ve gone, now you ve gone, ... etc.

;; Instrumental: start of verse, continue with last two verse-lines:

```
Bbm          C                     Fm
The way you tossed your hair, and fooled around,
Bbm      C         Fm
Will we ever meet again?
```

Now you ve gone, now you ve gone, ... etc.
