Blindness
Metric

It s a pretty and simple song to play. Just repeat the chords pattern through the
song. I love Metric! Enjoy. :)

```
            Dm                  Bbadd9
Send us a blindfold, send us a blade
             Dm                    Bbadd9
Tell the survivors help is on the way
            C                Dm7
I was a blindfold, never complained
            C                    F
All the survivors singing in the rain
          C            Dm          Bb
I was the one with the world at my feet
         Dm                      Bbadd9
Got us a battle, leave it up to me
          Dm                  Bbadd9
Find us a trapdoor, find us a plane
          Dm                      Bbadd9
Tell the survivors help is on the way
        C                   Dm
I was a blindfold, never complained
            C                     F
All the survivors singing in the rain
          C            Dm          Bb
I was the one with the world at my feet
         Bb                      Dm
Got us a battle, leave it up to me
```

What it is and where it stops nobody knows
You gave me a life I never chose
I wanna leave but the world won t let me go
Wanna leave but the world won t let me go

What it is and where it stops nobody knows
You gave me a life I never chose
I wanna leave but the world won t let me go
Wanna leave but the world won t let me go
What it is and where it stops nobody knows

You gave me a life I never chose
I wanna leave but the world won t let me go
Wanna leave but the world won t let me go

What it is and where it stops nobody knows

You gave me a life I never chose

I was the one with the world at my feet
Got us a battle, leave it up to me
Leave it up to me, leave it up to me
