The Next Time
Cliff Richard

(intro) **F# G#m C#**

```
     F#
They say I ll love again some day,
                                G#m        C#    G#m     C#
A truer love will come my way       the next time
     G#m                            C#7            F#  G#m C#
But after you there ll never be a next time, for me
      F#
They say that I ll find happiness
                                Bb7
In someone else s warm caress       the next time,
          Cm              F        Bbm
That I ll soon forget your kiss and heartaches such as this
     Ebm               G#   G#m   C#7
Will just be ancient history

      F#
They say that I m a fool to weep
                                 G#m      C#    G#m    C#
That I won t go on losing sleep     the next time
      G#m                                        Bb7        Ebm  F# F#7
That someone else will mend the heart you ve broken in two,
    B             Bb7               Bbm        Eb
But    how can I fall in love the next time
G#m                               C#7       F#
When I m still so very much in love with you

(Key change here   up one half note or Capo to 1st fret)

      G
They say that I m a fool to weep
                                  Am       D   Am   D
That I won t go on losing sleep        the next time
       Am                                     B7       Em   G  G7
That someone else will mend the heart you ve broken in two,
     C            B7               Bm         E
But     how can I fall in love the next time
Am                              D7      G
When I m still so very much in love with you
Am                              D7      G
When I m still so very much in love with you
