Codeine Velvet Club - Hollywood

Iâ€™m not sure how accurate this tab is but this is how Iâ€™m playing it on an acoustic
guitar. Donâ€™t be put off by the odd sounding chords. They generally entail making a basic
chord shape and then moving your index finger around a bit; eg the chorus starts C
whilst hammering the second finger on and off. Lyrics in brackets are backing vocals.

This city is a monument to bad taste in vain
(Hooray for Hollywood break, out the search lights above)
But I couldn t tear myself away, so I can t complain
(Send out the substitutes, tonight we ll be makin love)
Crawling in deaf and dumb for the losers ball
(Here s to the house on the hill and the thrill of it all)
Sinking in a tidal wave of alcohol

How could I miss it s come to this Hollywood final scene, make it clean
And if the lights should freeze oh please don t make it him or me
Then we ll see

Look out below this heart will blow Hollywood style tonight
It don t seem right
