A Weed Is A Weed

```
Bb        Eb                  G#         Eb
Ah, when I was a boy I was wild I was lazy
                        Bb
I was the shame of my dad
         Eb                              G#         Eb
Yes, the women and the wine, they were drivin  me crazy
          Bb          Eb
It was so good to be bad

And I got a job runnin  cheap bootleg whiskey
Down on the Arkansas line
From Memphis to Pine Bluff in a hopped up ole Jimmy
I had to be out of my mind

Chorus:
      G#                           Eb
Well, you ll know the crop by the seeds that are sowed
                            Bb
Do all your plantin  with care
G#                          Eb
Water and ground will make anything grow
                     Bb       Eb
But a weeds still a weed anywhere

I met a girl in a bar down in Memphis
She was the good lookin  kind
She told me how she was drawn to the misfits
Trouble was all I did find

Verse 1 + Chorus
```
