```
      E
In a way I m glad it s over,
      A                                    E
even though it s gonna hurt me once you re gone

I can learn to live without you,
         A                           E
give me time and I can make it on my own

 E     A
Lovin  you to me came easy
                                          E
Now losing you will change my life no doubt
         G#m7
And in a way I m glad it s over,
      F#m7           B7           E
In another way it turns me inide out

In a way I guess it s better,
Even though there s nothing good about goodbye
And I know I couldn t hold you,
Now you ve found your wings and you need room to fly

And it s for sure I m gonna miss you,
But I guess that s what goodbye is all about
And in a way I m glad it s over,
But in another way it turns me inside out

Bridge:
E      G#m                              A
```

On the one hand I know I ll be better off once you re gone,
E B7 E
But I find a lot of heartache on the other
G#m A
And I can t say I ll look forward to those nights I ll spend alone
E B7 E
And I wonder will there ever be another

E A
Loving you to me came easy,
E
Now losing you will change my life no doubt
G#m7
And in a way I m glad it s over,
F#m7 B7 E
In another way it turns me inside out

E G#m7
Yes in a way I m glad it s over,
F#m7 B7 E
But in another way it turns me inside out
