**Hold Her Closer**
**Blessid Union of Souls**

Artist: Blessid Union of Souls
Title: Hold Her Closer
Tabbed by Jordan Boesch (jordanboesch@hotmail.com)
Notes: I ve played this over and over and it sounds 110%, have fun!

Capo 1st fret
Intro: **Fm**, **Eb**, **Fm**, **Eb**

VERSE 1:

```
Fm
When you see love
        Eb
And you don t know what it is
          Fm
You might find yourself in fear
             Eb
To show your heart
             Fm
But when you feel is
          Eb
And it s oh, so wonderful
         G#
You might find yourself in fear
           C#      Eb
To let it part, in fear to let it part

CHORUS:
G#                            C#
So hold her closer when she cries
         Fm     Eb        Bb
Hold her closer when she feels

She needs a hand to hold
C#
Someone who ll never let her go again
    G#                       C#
And hold him closer when he tries
            Fm        Eb         Bb
To hold the tears back from his eyes
          C#         Fm, Eb, C#
Don t say goodbye

VERSE 2:
          G#
```

```
When your heart decides
          Eb
That it s time to let it through
           Fm
There s no reason to be scared
        Eb
To open up
                  C#
Cause love may be blind
    G#
But all of u don t see it
        Bb
So just once in your life
       C#                 Eb
If you hear the knock of love
            G#
Just let it in

G#                        C#
Hold her closer when she cries
          Fm      Eb        Bb
Hold her closer when you know it s time to say goodbye
    C#
You hurry back to see her smile again
G#                              C#
And hold him closer when he s down
          Fm       Eb       Bb
When his world is upside down
        C#
Turn it around

INSTRUMENTAL: G#, C#, Fm, Eb, Bb, C# (x2)

CHORUS:

G#                           C#
So hold her closer when she cries
          Fm     Eb         Bb
Hold her closer when she feels

She needs a hand to hold
C#
Someone who ll never let her go again
G#                              C#
And hold her closer when she s down
          Fm      Eb        Bb
When her world is upside down
        C#
Turn it around
          G#
Hold her close
```
