She says: forget this terrible, terrible world around you, it takes you
G                 Bm                              C
So far away from me and it s terribly, terribly wrong.

I need more to stay calm

chorus:
    G         D   Bm            C    D        G
And there she is; sleeping, her arms around my shirt

G                     Bm                C            D        G

                      Bm                                   C

We need more, we need this
