Key: A (Capo on 2nd fret. Chords shown for key of G.)

[Intro]
A

[Verse]
A E
Started out so innocent
F#m D A
Everything was simple and so plain
A E
She was in a doorway
F#m D A
And I was walking nowhere down the main

E
She whispered something softly
D A
And stepped into the light
E
Can you help me out she said
D A
I m a little lost tonight

[Chorus]
A E D A
One day love just hits you with a flash
A E D A
Lights go off around you like some photograph

[Verse]
A E
She said her bags were stolen
F#m D A
All they left her was the camera on her arm
A E
She told me she was new in town
F#m D A
Only two weeks off the farm

```
    E
Oh, why did I believe her
D           A
Heaven only knows
E
One look in my eyes
           D          A
And all my resolution goes

[Chorus]
A       E         D               A
One day love just hits you with a flash
A                  E             D        A
Leaves you staring blindly like some photograph

[Bridge]
F#m                     E
Pictures of two fools laughing at the world
D                          A
Smiling as only good luck does
F#m                        E
Truth is you re not even looking at me girl
Bm
All the time I was falling
D
You kept on stalling
Bm                          E
Sizing up how big a fool I was

[Bridge]
F#m                     E
Pictures of two fools laughing at the world
D                          A
Smiling as only good luck does
F#m                        E
Truth is you re not even looking at me girl
Bm
All the time I was falling
D
You kept on stalling
Bm                          E
Sizing up how big a fool I was

[Verse]
A              E
Woke up in the morning
        F#m               D               A
I don t think that I had been asleep too long
    A                 E
The room was dark and empty
        F#m              D                       A
I could see that all my clothes and money were gone
```

```
         E
Oh, I ve run out of excuses
    D            A
And people I can blame
    E
But if she ever asked me to
    D          A
I d do it all again

[Chorus]
A       E         D               A
One day love just hits you with a flash
A                  E             D        A
Leaves you staring blindly like some photograph
