Verse 1:
G   Bm **C** **G**
Out on the heath our pleasures seem so small
G **Bm** **C** **G**

And how can the light still shine on the heights above the rise
G **Bm** **C** **C**
Those stones will stand like a frozen smile

C **G**
Cause I m in love with something I can t hold
Am **C** **D**

Verse 2:

No rise and fall can ever be for long

These heights will rise faster than they fall
And no one can ever know what they see from there
G **Bm** **C** **C**
Or what they feel before the end

Chorus 2:
C **G**
Cause I m in love with something I can t hold

I long to see you again
