Goodbye Old Stepstone
Bonnie 'Prince' Billy

Well this is a Bascom Lamar Lunsford song, but this is how I think Bonnie Prince Billy plays it.

```
........D..........D...........G............D
Oh,  tis sad to be parted from those that we love
.......D........G.......A.......A
Strange faces we see every day
......D.............D.......G..........D
Each heart string of mine is broken in time
........D......A..........A.........D
When I think of those dear ones at home.

A................A..........D............D
Goodbye dear old stepstone, goodbye to my home
....G............G.............A.........A
God bless those I leave with a sigh
.....D.............D............G.........D
I ll cherish fond memories when I am far away
....D.............A.........A......D
To roam over this wide world alone.

...D.........D............G...........D
I stood on my doorstep each evening and morn
....D...........G.............A.........A
The wind whispered by with a moan
.....D.............D.............G.........D
The fields may be whitening, but I will be gone
....D............A..........A.......D
To roam over this wide world alone.

A................A..........D............D
Goodbye dear old stepstone, goodbye to my home
....G............G.............A.........A
God bless those I leave with a sigh
.....D.............D............G.........D
I ll cherish fond memories when I am far away
....D.............A.........A......D
To roam over this wide world alone.

...D...........D...............G............D
I stood on my doorstep when school time was o er
......D............G..........A.........A
And I wish for the time to go by
D............D............G..............D
Now it has passed, and I stand here tonight
....D............A............A......D
To bid this old stepstone goodbye.
```

A.....**A**.....**D**.....**D**
Goodbye dear old stepstone, goodbye to my home
....**G**.....**G**.....**A**.....**A**
God bless those I leave with a sigh
.....**D**.....**D**.....**G**.....**D**
I ll cherish fond memories when I am far away
....**D**.....**A**.....**A**.....**D**
To roam over this wide world alone.
