No No Song
Ringo Starr

```
C#                  F#                      G#      C#
A lady that I know just came from Columbia,
    F#                              C#
she smiled because I did not understand.
                            F#
Then she held out some marijuana, ha ha!
    G#7                               C#
She said it was the best in all the land.

And I said,

Refrão:
C#
No, no, no, no, I don t smoke it no more.
                                G#7
I m tired of waking up on the floor.

No, thank you, please, it only makes me sneeze,
                                         C#
and then it makes it hard to find the door.

C#                    F#                  G#              C#
A woman that I know just came from Majorca, in Spain.
    F#                              C#
She smiled because I did not understand.
                                F#
Then she held out a ten pound bag of cocaine,
    G#7                             C#
she said it was the finest in the land.

And I said...

Refrão:
C#
No, no, no, no, I don t sniff it no more.
                                G#7
I m tired of waking up on the floor.

No, thank you, please, it only makes me sneeze,
                                         C#
and then it makes it hard to find the door.

C#                     F#                  G#           C#
A man I know just came from Nashville, Tennessee, oh.
   F#                               C#
He smiled because I did not understand.
                                   F#
```

Then he held out some moonshine whiskey, oh ho,
G#7 **C#**
he said it was the best in all the land.

And I said..

C#
No, no, no, no, I don t drink it no more.
G#7
I m tired of waking up on the floor.

No, thank you, please, it only makes me sneeze,
C#
and then it makes it hard to find the door.

Well, I said...

Refrão:
C#
No, no, no, no, I can t take it no more.
G#7
I m tired of waking up on the floor.

No, thank you, please, it only makes me sneeze,
C#
and then it makes it hard to find the door.
