Rather Stay Home
Brazzaville

Capo on the 3rd fret

```
Bm                C            G
Crisscrossed the country in a van
            D                       Bm
A young and carefree rock and roll band
C                   G     D
Tearing up the open road

Success came like an ice cold hand
5 star hotels by the sand
And suddenly you re getting old

Em C
        G
And I d rather stay home
    D
I d rather stay home
 Cause one thing I know
We all leave this old world alone
And why there s still time
Don t wanna be a rolling stone
And I d rather stay home
I d rather stay home

10,000 flights to different lands
And your kids are growing up without their dad
They re wondering why you can t stay home

Success came like an ice cold hand
5 star hotels by the sand
And suddenly you re getting old
```
