Rather Stay Home
Brazzaville

Capo on the 3rd fret

```
C#m               D            A
Crisscrossed the country in a van
            E                      C#m
A young and carefree rock and roll band
D                   A     E
Tearing up the open road

Success came like an ice cold hand
5 star hotels by the sand
And suddenly you re getting old

F#m D
        A
And I d rather stay home
    E
I d rather stay home
 Cause one thing I know
We all leave this old world alone
And why there s still time
Don t wanna be a rolling stone
And I d rather stay home
I d rather stay home

10,000 flights to different lands
And your kids are growing up without their dad
They re wondering why you can t stay home

Success came like an ice cold hand
5 star hotels by the sand
And suddenly you re getting old
```
