Party Heart

```
F            C
Party heart, party heart

             F                        Bb
You ve got a party heart, a gay time party heart
            Am                           C
You re only happy when the party s going on
C7     F              F7                Bb              Gm
And it makes me sad because I know that party s have to end
    C                 C7              F
And when this party s over, you ll be gone

I love your party heart your playful party heart
But though you make me laugh you also make me cry
Cos I know you only think of me as just a party friend
And when the party s done you ll say goodbye

  Bb       D#        Bb        C7      F           A       Dm
A playtime girl like you plays lots of thrills in life it seems
    G                                  C               C7
But oh, what I d ever give to be the playboy of your dreams

I d tame your party heart, your fickle party heart
And someday that s just what some party boy will do
But I love you so, I guess that I ll cry just as much as you
When someone breaks your party heart in two
When someone breaks your party heart in two....
```
