**Yankee Rose Intro**
**David Lee Roth**

Opening Chord

```
-1-----------------------------------------------------------------------|
-1-----------------------------------------------------------------------|
-0-----------------------------------------------------------------------|
-3-----------------------------------------------------------------------|
-3-----------------------------------------------------------------------|
---------------------------------------------------------------------------|
```

Talking Guitar Bit

```
---------------------------------------------------------------------------|
--12b-10b----------------------------------------------------------------|
---------------------------------------------------------------------------|
---------------------------------------------------------------------------|
---------------------------------------------------------------------------|
---------------------------------------------------------------------------|

---------------------------------------------------------------------------|
-11p10p9s8-9b------------------------------------------------------------|
---------------------------------------------------------------------------|
---------------------------------------------------------------------------|
---------------------------------------------------------------------------|
---------------------------------------------------------------------------|

---------------------------------------------------------------------------|
---------------------------------------------------------------------------|
-s12~---------------------------------------------------------------------|
---------------------------------------------------------------------------|
---------------------------------------------------------------------------|
---------------------------------------------------------------------------|

---------------------------------------------------------------------------|
--s21-s19----------------------------------------------------------------|
---------------------------------------------------------------------------|
---------------------------------------------------------------------------|
---------------------------------------------------------------------------|
---------------------------------------------------------------------------|
```

(Or slide to somewhere near those two frets)

```
---------------------------------------------------------------------------|
-b17-b16-15-b13-b12-b11-b10----------------------------------------------|
-----------------------------b12-b11-b10-----------------------------------|
----------------------------------------12s-slide-up-the-neck------------|
---------------------------------------------------------------------------|
---------------------------------------------------------------------------|
```

On this next bit you need to bring the bar right down and just before you raise it

on the note.
