blood is draining down my back
my head s an embryonic sac
the cord stranglin s umbilical
from sliced up guts you pulled
all of the ribs above my heart
you chewed with teeth to tear-apart
The love is all gone from your eyes
your christ was hypnotized

he preach-ed and bleed-ed
brain feed-ed s what the bible says

dismembered me with no memory
life, it just ain t quite the same when you are feasting on my brain
you ve gone insane
now there s no pain
all that s left is afterbirth together, we must roam the earth
