I feel ashamed with abandon in my heart and on my face
               F#m
I suffered the blame
         E
I would show to you this way
            A                  D
But I m too late
F#m                       D

I will replace them
     E
For you
```

[Chorus]
```
     D               A        E

Laid at the grave to heal a broken heart
        D        A
Let it rain until it floods
        F#m          F#m   E    D   A
Let the sun breathe life once more

  D                              A                           E
To walk beside and carry on this flame

To see you again
       D
With a radiance
                 A                E
Of pure and holy name
F#m                       D
   When the sorrow, it breaks them

I will replace them

For you
```
