The Ghost Inside
Broken Bells

Saw them on Conan Last night and couldn t find any solid tabs so I put one together, pretty simple actually.

Intro: Emx4

```
Em                     D       A
She sold her love to a modern man
Em                           D          A
Cause solid currency s the hardest to love
Em                           D         A
All other modern hels you cover your eye
Em                           D          A
Don t let the lady finger blow in your hat
Em
Di-da
             D     A
Feel like a daughter
Em            D     A     Em
She s like a star tonight
         D    A
Without wanting
Em
She gave up
           D  A
The ghost inside

Em                            D             A
Just like a whiskey bottle drained on the floor
Em                           D        A
She got no future, just a love to endure
Em                           D          A
This gives some matter to shaking her hide
Em                                  D          A
 Too late to leave him  are the songs in her car
Em
Di-di-da
```

The chorus stays the same, and the rest of the song keeps up the same chord progession, hope this helps
