Don't Worry About The Government
Talking Heads

```
 D                              B
I see the clouds that move across the sky
 D                               B
I see the wind that moves the clouds away
 A                  G/G           Bm
It moves the clouds over by the building
 A                        G/G       Bm
I pick the building that I want to live in
  D                               B
I smell the pine tress and the beeches in the woods
  D                        B
I see the pine cones that fall by the highway
  A                      G/G          Bm
That s the highway that goes to the building
   A                     G/G          Bm
I pick the building that I want to live in

I see the states across this big nation
```

I see the laws made in Washington, D.C.
I think of the ones I consider my favorites
I think of the people that are working for me
Some civil servants are just like my loved ones
They work so hard and they try to be strong
I m a lucky guy to live in my building
They all need buildings to help them along
