Lyrics
Em G C
I want to be in love with you forever

G C
Forget about the childish doubts, my silence when we talk about
Em C
you going somewhere without me
G C
Every Sunday evening time, you pack your bags and we leave mine,
Em C
I purposely leave late and hope your bus comes early

Pre chorus:

A C G
There s so many things that ll stop us from staying together

Em G C
But I want to be in love with you forever

Em, G, C

G C
If I drew up a contract would you sign and agree to share your life with mine
Em C
Or would the romance die in that split second
G C
I want to stay in this paradise, quoting you lyrics every night
Em C
Not telling you which ones that I wrote myself
A C G
about the oh so many things that ll stop us from staying together
Em G C
But I want to be in love with you forever
