Love Over Gold
Dire Straits

```
G          C              D
 There you walk out on the high wire
C         G           C
 You re dancer on thin ice
G           C             D
 You pay no heed to the danger
Bm             Em  D G
 And less to advice
G                    C   D
 Your footsteps are forbidden
          Bm                C  D G
 But with knowledge of your sin
                         D      C     G
 You throw your love to all the strangers
                           Em
 And the caution to the wind

Interlude: B A  A G  F E  F E  F E  F E D C  B

G            C                     D
 And you go dancing through the doorways
C       D                   G   C
 Just to see what you gonna find there
G        C         D
 Leaving nothing to interfere
          Bm            Em          G Em D G
 With the crazy balance of your mind
G             C             D
 And when you finally reappear
        Bm              C    D G
 At the place where you came in
G                   C              C    G
 You ve thrown your love to all the strangers
                           Em
 And the caution to the wind

Interlude: B A  A G  F E  F E  F E  F E D C  B

         D
It takes love over gold
    G         C
And mind over matter
D              C          Em
To do what you do that you must
        D
When the things that you hold
     F
```

Can fall and be shattered
    D   **Em**
Or run through your fingers like dust
