                          Bbm7
Walking out of nowhere and I let you in till my imagination, went for a spin
I seen you every night been making out since then
And still I wonder why everybody s saying, that ice is thin.
          Ebm
And I think I know you just a little bit by now, and I think I can show you
                                                                    Bbm
You see baby, I don t want to fight about it
Bbm                      Eb    Bbm                  Eb
Send down your rain,then who s to blame?
Bbm                       Eb                            G#

And you ll understand because its  much too late to change.
                            Bbm7
Awaken to this hunger and then watch my heat, grow paler than the moonlight
That you made me eat and if we run our lives, along a one way street
We ll always wonder why everytime, it still tastes just as sweet
           Ebm
And I think I know you just a little bit by now and I think I can show you
                                                                     Bbm
