Verse 1:

```
             Am              F            Fmmaj7
Well this is forced and I am drowning now
                    F         Fmmaj7
and I m buried underneath the ground
         Am              F                  Fmmaj7    F  Fmmaj7
And I ve learned that my face molds into my hands

          Am                       F      Fmmaj7
Well everyone here looks too good for me
                  F       Fmmaj7
And if God has no sympathy       he d say
Am                                F                         Fmmaj7   F Fmmaj7
Son, you re the one thing in this world that I didn t spend time on.
   Cmaj9                  F
So am I slowly losing my mind?
```

Chorus:

```
C
I m on my knees
            F
I m begging please
         Am         Cmaj9 F
But Mary says don t be a  fool
        C        F
And the hysteria that s inside of me
           Am Cmaj9  F
Is turning me into a fool

Don t cry young boy, cause mama s coming home

Verse 2:
          Am                 F             Fmmaj7
Well as a boy he d rub his wrists on fences

And then realize he d lost his senses

He goes home, screaming in pain while his mother cleans his cuts

             Am             F         Fmmaj7

He s on a building looking to jump
        Am                 F                            Fmmaj7  F Fmmaj7
He says if Jesus walked on water, than I could walk on air
