Time Works On All The Wild Young Men
Carly Simon

Time Works On All The Wild Young Men - from Letters Never Sent - 1994

```
F               A7                G
Time works on all the wild young men
Am                        G
The ones who went for soldiers
                F               Am
The ones who reached for fame
      Am                            G
The ones who swore theyâ€™d die for love
      A7                  Am  G7
No matter what the shame
F               A7                      Cm
Time circles â€˜round them sniffs their spark
      A7          D
And there they are
G               Dm
Dancing in the dark
```
