Salamanda Palaganda, June s Buffalo too, in the Parisian zoo
```

An old crone squirms upon a cushion
Made from Madras silk and satin
Her steel eyes hold a scimitar passion
For the skull hewn in Scarlatti fashion.
A cobra seer with the punctured ear
Slaughtered a Malayan sun bear
Night stood erect with brozen haunches
Zapped the seer and gave the bear back to us
Salamanda Palaganda, Oh, Palamino Blue
Salamanda Palaganda, June s Buffalo too, in the Parisian zoo.
