G **F** **A# D G**
i changed myname
i changed my number
this world is insane
all sick in the brain

G
saw the blood in the river
F
flames in the sky
G
animals were running
F

you twisted our fingers
round a couple broken chords
and i still feel strange
it aint ever gonna change

how are we gonna say were sorry
how are we gonna say goodbye
how were gonna say were sorry this time

i changed my name
i changed my number
cause this world is insane
fucked up in the brain
