Can't Keep A Good Band Down
Uriah Heep

```
   G# F# E F# G G# F# E F# G
G# G# B C
  C#                    B
I can t believe y all are still sayin
        F#
We re a long way from rock n roll
          C#                        B
You won t look for the good in the tunes we re playin
    F#
You prefer to say we got no soul

    Ebm               G#
But day after day in town after town
F#                      C#
People say we re doin  alright
   Ebm               G#
We play and we stay boogyin  down
F#
Rockin  on into the night

It s breath and words and time you re wastin
When you should be tryin  to have a good time
For a good few years it s been yours we ve tasted
So here s a little piece of our mind

We ll roll and we ll roll and we ll roll and we ll roll
Till we run out of reason to try
If it happens you don t approve
It doesn t matter we won t ask why

    G#                       Bbm
You can t keep a good band {Bm}down
       C#                  G#
You ll never find the solution
    G#                     Bbm
You won t stop us runnin  around
       C#                      G#
You re dealin  with an institution

We ll fill our cup with wine while you
Fill your head with high ideals
You }know so much but you still can t touch
Tillyou find out how it feels

It ll take much more than the high and mighty
To bring down the king of the road
We could {still be friends and quit this fightin
```

And let the real story be told

You see you {A}can t keep a good band {Bm}down
You ll {D}never find the solu{A}tion
You {A}won t stop us runnin {Bm}around
You re {D}dealin with an institu{A}tion

You can t keep a good band down
You ll never find the solution
You won t stop us runnin around
With your paragraphs of pollution
