Am G Am G

```
           Am
I walked around
        G
People passed
              Am
The sun went down
           G
It changes fast

                F
And through my days
I ve found some ways
           G
to hide my thoughts
But what s the cost
         F
And if I may
Leave some trace
        D    G
Just pretend

                          Am
It s such a good day for dying
                           G
But still I ve never been crying
                       Am
So maybe I should keep waiting
```

```
                      G
For God and me to be dating

Am  G  Am  G

            Am
I walked on down
           G
Through my past
          Am
Wondering how
                    G
Those streets would last

               F
And through my days
I ve found some ways
           G
To hide my thoughts
But what s the cost
         F
And if I may
leave some trace
        D    G
Just pretend

                         Am
It s such a good day for dying
                          G
But still I ve never been crying
                        Am
So maybe I should keep waiting
                      G
For God and me to be dating

To play like the record, change Gm to F#m, F to E, D# to D, C to B and move the intro a fret down (the first two notes will then be G|-4-4-|), but it sounds better to play it the first way.
