Chicken Fried
Zac Brown Band

It probably off a little bit, but it sounds all right when I play it, plus, it had some
simple base chords. Good luck! I hope this helps!

[Verse]

```
G
You know I like my chicken fried
D
Cold beer on a Friday night
                         Gsus
A pair of jeans that fit just right
               G
And the radio up
G             D                    C
Well I was raised up beneath the shade of a Georgia pine
            D
And that`s home you know
G                D            C
Sweet tea pecan pie and homemade wine
            D
Where the peaches grow
         G             D             C - D
And my house it`s not much to talk about
           G                D                       Gsus
But it`s filled with love that`s grown in southern ground
G
And a little bit of chicken fried
```

[Chorus]

```
                  D
Cold beer on a Friday night
                      Gsus
A pair of jeans that fit just right
      Gsus   G - D
And the radio up
          G
Well I`ve seen the sunrise
          D
See the love in my woman`s eyes
                      Gsus
Feel the touch of a precious child
                      G - D
And know a mother`s love
```

[Verse]

```
           G                    D               C          D
Well its funny how it`s the simple things in life that mean the most
      G                    D                       C
    D
Not where you live or the car you drive or the price tag on your clothes
             G                D             C
There`s no dollar sign on a piece of mind this I`ve come to know
       G                 D
So if you agree have a drink with me
              C           D
Raise you glasses for a toast
                         G
To a little bit of chicken fried
```

[Chorus] x2

```
G
I thank god for my life
           D
And for the stars and stripes
               C                 G - D
May freedom forever fly, let it ring.
            G
Salute the ones who died
                D                                        C
The ones that give their lives so we don`t have to sacrifice
                     D
All the things we love
           G
Like our chicken fried
```
