B5 instead of B, F5 instead of F and C5 instead of C), it might do as well.

Have fun. :)

[Verse 1]

Ebm
Be careful making wishes in the dark
B
Can t be sure when they ve hit their mark
Ebm
Besides in the meantime
B
I m just dreaming of tearing you apart

Im in the details with the devil
B

So now the world can never get me on my level
Ebm
I just got to get you out of the cage

I m a young lovers rage, gonna need a spark to ignite

[Verse 2]

Ebm
All the writers keep writing what they write
B
Somewhere another pretty vein just dies
Ebm
I ve got the scars from tomorrow and i wish you could see
B
That you re the antidote to everything except for me
Ebm
A constellation of tears on your lashes
B (mute)
Burn everything you love, then burn the ashes
Ebm
In the end everything collides
B
My childhood spat back the monster that you see
Ebm (hold)
My songs know what you did in the dark

```
             Ebm
So light  em up,
