Don't Talk To Him
Cliff Richard

(capo 5ª casa)

```
   F#
If some guys tells you, I don t care,

and tells you lies while Im not there..
      G#m
Don t talk to him.
    C#
and if he tells you, I m untrue,
     C#7
then darling, here what you must do..
      B       F#  C#
Don t talk to him.

(refrão)
    Ebm
And if he tells you I ve been seen,
B
walking round with Sue and Jean,
     G#m
he s lying again. (Lying again.)
   C#
Do anything that you want to,
    C#7
but darling, this I beg of you..
      B           F#
Don t talk to him.
       B                 G#m
If you hear the words he has to say,
      F#               Ebm
he ll break your heart.
         B                 G#
Let your love for me prove strong
              C#         C#7
while we are far apart.

(parte 2)
   F#
So just remember what I say,
                                   G#m
and trust in me while Im away for I ll be true.
    C#
And just remember my true love is
C#7                                 B    F#  C#
brighter than the moon above, for only you.
    Ebm
```

And if this guy should try to say,
B **G#m**
my love for you is only play..merely a whim.

(Merely a whim.)
C#
Just close your eyes and count to ten,
C#7 **B** **F#**
And think of me again..but don t you talk to him.
